Senior Secondary Certificate

DAV Public School, Kathara

2016

PROJECT

Travel Management System

- This project is developed for business and educational purpose, allowing the users to manage their trips.
- These functions can be used to enhance the progress in the project and at the end, the app also shows the details of the user and their trip.

Ice Cream Parlor

- This Project is like a billing software, but the additional feature is, that it can display the menu and can finalize further billing process.
- This project promotes self-service at Ice cream stalls.

Product Review Analysis

- The motive of this project was to analyze the reviews of any product, the content review may be positive, negative or neutral.
- Based upon the input we were supposed to review it with AI.

Examination System

- The purpose of examination system is to take online test in an efficient manner and no time wasting for checking the paper. The main objective of on-line test simulator is to efficiently evaluate the candidate thoroughly through a fully automated system that not only saves lot of time but also gives fast results.

ACHEIVEMENTS & CO-CURRICULAR ACTIVITIES

- Gold Medalist at School Level IT Olympiad.
- Volunteer at School Level Science Exhibition.
- Represented my school at Cluster Level Football Tournament.
- Worked as a volunteer in an NGO for Vulnerability in children.
